

Factory Advantage:

We offer high quality connectors while in a good price and a short Lead-Time which is based on that Our production is by automatic machines and we produce all parts by ourselves, then we assemble them as finished connectors by multiple automatic assembly machines.

And our assembly machines are equipped with ultrared ray and CCD tester so as to do inspection while in production.

We have over 50 units of production machines in over 5000 square meters of factory;

Factory got **ISO9001:2015** Quality management System.

Below are parts of our production facilities:
